Dear Parents and Players,

Welcome and thank you for enrolling your child in the 2019-2020 River Otters team. Please use this manual as a guide for this season. Inside you will find information such as park district contact information, equipment sizing, schedules, and codes of conduct.

Our goal is for you and your child have a fun experience and create long-lasting memories while providing a safe and supportive area for players to develop their skills. If you have any questions or concerns, please feel free to contact us at any of the points listed below.

From all of us at the Belvidere Park District, have a great season!
River Otters

Skill Evaluation Sessions

**Dates:**
Thursday, December 5 at 6:00 PM
Saturday, December 7 at 11:15 AM

Riverside Ice Arena
365 W. Locust St.
Belvidere, IL

Each player only needs to attend one session.
These will be used to determine skill levels for each player.

Equipment fittings will also be available on these dates.
PARENTS CODE OF CONDUCT

All River Otters parents are expected to follow the Code of Conduct

• Do not force your child to participate in sports, but support their decision to play their chosen sport for fun and learning. They will learn from coaches and other players. Make it fun!
• Do not embarrass your child by yelling at players, coaches, or officials. By showing a positive attitude toward the game and all of its participants, your child will benefit.
• Emphasize skill development and practices, and how they benefit your young athlete. De-emphasize games and competition in younger age levels. Winning is exciting, but it should not be the only focus.
• Encourage your child to play by the rules. Help support the game and the referees. Any criticism of the officials only hurts the game, and consequently, your child.
• Applaud a good effort in both victory and defeat. Emphasize positive points of the game.
• Never yell at or physically abuse your child after the game or practice. Help remove all abuse in youth sports. Players require a good example as opposed to criticism.
• Recognize the importance of volunteer coaches. They are important to the development of your child and the sport. Communicate with them and support them. If you enjoy the game, learn all you can about hockey – and volunteer.

SPECTATORS CODE OF CONDUCT

All spectators in attendance are expected to follow the Code of Conduct

• Display good sportsmanship. Always respect players, coaches, and officials.
• Act appropriately; do not taunt or disturb other fans. Enjoy the game together.
• Cheer in a positive manner and encourage fair play; profanity and objectionable cheers or gestures are offensive. Cheer all good plays – Do not boo opponents.
• Help provide a safe and fun environment. Throwing any items on the surface can cause injury to players and officials. This also includes pounding on the glass, as it is also a playing surface.
• Support the referees and coaches by trusting their judgment and integrity.
• Be responsible for your own safety – be alert to prevent accidents from flying pucks and other avoidable situations.
• Recognize good effort and teamwork. Be supportive after the game – win or lose.
PLAYERS CODE OF CONDUCT

All River Otters players are expected to follow the Code of Conduct

- All players are expected to conduct themselves in a respectful manner, both on and off the ice.
- Each player should focus on developing and improving his or her skills while also encouraging their teammates to do the same. This strengthens our team bond.
- Players should do their best to be on time for practices and games.
- Players will show respect to their coaches. If a coach offers advice to a player, he or she should do their best to listen and put that advice into action.
- Do not argue with the decision of the officials – If you have a questions regarding an official’s decision, discuss it with your coach first!
- All players on and off the ice will refrain from using obscene, abusive language and gestures towards teammates, other players, coaches, officials, and parents.
- Refrain from retaliation – Unsportsmanlike conduct and misconduct penalties hurt the team.
- Most importantly: Remember that hockey is a game! Get out there and have fun!

SKILL EVALUATION DAYS

This year, we will be hosting two evaluation days on Thursday, December 5 at 6:00 PM and Saturday, December 7 at 11:15 AM. These are intended to ensure that your son or daughter is comfortable with skills such as skating forwards and backwards, along with handling a stick and puck. Each player only needs to attend one of these sessions.

If an on-ice instructor or coach feels that a player may not be comfortable with some of these skills, the player may be referred to the Learn-to-Play program.
EQUIPMENT

If your child needs equipment for the season, we will have it available. We request that fittings be done for equipment prior to the beginning of the season. Each player that requests equipment will need to return it at the end of the season. Below, you will find a list of sizing guides for each piece of equipment that is needed for each player.

Skates
The most important piece of equipment is the skates. Skates with a proper fit are essential to ensuring a player is safe on the ice. The fit of the skate itself will vary from brand to brand and even model to model. Below is a general listing for how to size skates based on shoe size.

Remember, each player will have different preferences on how they want their skates to feel. If your child falls between sizes, try the next size up. They will grow into their skates and you can always double up on socks. It will take a few sessions to break their skates in, so some foot pain the first few times they wear them will be normal. Most retailers will offer baking skates to help make breaking in skates easier.

EQUIPMENT

Helmet **(NEW FOR 2019-2020 Season – Player to provide own helmet)**

Measure around your child’s head. When choosing a helmet, you want to make sure that the helmet does not sit too loose on your child’s head. Another important thing to keep in mind is the type of face protection that comes with the helmet. Facial cages help protect the entire face from potential injury from pucks and sticks. Clear protective visors or “bubbles” will help do the same without obstructing as much vision as a cage. In the cold, visors may have a tendency to fog up.

Youth-sized helmets measure 18.8-20.8 inches.  

**Shoulder Pads**

Measure around your child’s chest and note their height.

<table>
<thead>

<td>45-65</td>
<td>3’7-4’4</td>
</tr>
<tr>
<td>Large</td>
<td>50-70</td>
<td>3’9-4’7</td>
</tr>
</tbody>
</table>

**Gloves**

Measure from your child’s fingertips to the end of your child’s elbow pad. Say you measure a distance of 10.6” meaning your child falls between sizes; you should go up to the next size. If your child’s fingertips touch the end of the glove, the glove is too small. The cuff of the glove should touch the end of the elbow pad.

Youth-sized gloves come in 8 and 9 inches.  
Junior-sized gloves come in 10, 11, and 12 inches.  
Senior-sized gloves come in 13, 14, and 15 inches.
EQUIPMENT

Shin Guards
Shin guards are generally measured in height but for accuracy and proper fit, they can be measured sitting down so that the leg is bent at a 90 degree angle. Measure the length of your child’s shin from the top of the skate boot to the center of his or her kneecap.

<table>
<thead>
<tr>

<td>12”</td>
</tr>
<tr>
<td>10”</td>
<td>4’3-4’8</td>
<td>13”</td>
</tr>
</tbody>
</table>

Hockey Pants
Hockey pants are typically measured by waist size. They should extend from the bottom of the rib cage and cover the knee when bent. Try to look for hockey pants that have protection on both the front and back of the legs.

</tr>
<tr>
<td>Large</td>
<td>21-23</td>
<td>Large</td>
</tr>
<tr>
<td>X-Large</td>
<td></td>
<td>X-Large</td>
</tr>
</tbody>
</table>

Hockey Sticks
Hockey sticks come in three different sizes and each will have different characteristics. Each player will have their own preferences. Youth-sized sticks are used for 4-8. Junior sticks are used for 7-12. Intermediate sticks are used for 10-15. Senior sticks are used for 14 and up.

Sticks come in various flexes which determine how easily they bend. The higher the flex number, the stiffer the stick is. If a player uses a stick that is too flexible, it may snap, but if using a stick that is too stiff, they may struggle with handling the puck.

When measuring stick height, hold the stick straight up, parallel to your child. If your child is in skates, the stick should come no higher than the chin. If your child is not in skates, the stick should come no higher than your child’s nose. If the stick is too tall for your child, most shops will be able to cut the stick down to the proper height.
JERSEYS

Measure around your child’s chest. If your child measures 38”, you should go a size or two up as a Youth Small would be too small. We recommend ordering a jersey size up since we will be playing outdoors and kids may want to have an extra layer or two underneath their jersey along with accommodating the equipment. Here is a jersey sizing chart taken from AthleticKnit.com.

<table>
<thead>
<tr>
<th>YOUTH</th>
<th>ADULT</th>
</tr>
</thead>
<tbody>
<tr>
<td>Size</td>
<td>Chest (inches)</td>

PRACTICES

We will be holding practices on Thursday nights starting at 7:00 PM (after Jan 1 6pm), and Saturday mornings starting at 11:00 AM. We encourage all players to come to each practice, but understand that emergencies do arise.

Remember, we will be playing and practicing outside. It is important for your player to wear an extra layer or two under their gear, as the temperature can be quite cold. We value the safety of our players.

Parents will be able to watch practices from the Warming House.

Due to the unpredictability of the weather, we will notify parents as far in advance if there is a cancellation. We will also not be holding practices when tournaments are scheduled to be at Riverside Ice Arena. Please refer to the handout in this folder for ways to stay updated on our schedule.
ICEHOGS FUNDRAISER

This year, we are partnering up with the Rockford IceHogs to raise money for the River Otters. We will be selling tickets to the game on Sunday, February 15, 2020. This means that you get a ticket to that night’s game and the Belvidere River Otters will get a portion of that money back!

This is a great way to get the whole family out to a game!

We will provide more information on this exciting opportunity as it becomes available.
PUBLIC SKATE & OPEN SHOOT

Open Shoot and Open Skate times offer a great opportunity for players to sharpen up their skills.

Open Shoot times are grouped by age with 14 and under, along with 15 and over. There may be times where the ice is split to accommodate both age levels. Riverside Ice Arena requires that everyone have their own helmet, gloves, and stick. Full equipment is not required, but recommended for children who may not be used to wearing full equipment on the ice.

Open Skate times are open to the public.

Cost of Open Shoot: $4
Cost of Public Skate: Children $2  Adults $4
Cost of Skate Rental: $2

Adult Rat Hockey: $5 (Goalies skate free)

RINK PASSES

Season passes to the rink are also available for Public Skate and Open Shoot sessions and can be used throughout the season. These are a great value if you want to spend time focusing on improving your puck handling and skating skills!

<table>
